Description

2024 Cobalt R8 Available to secure!

What really makes this luxury boat a standout ride on the water is its added size and not just longer, the R8 features a higher profile and more freeboard making it more spacious, elegant, and powerful by its shape, fit, and finish.

The R8’s roomy, expansive interior with both bow and cockpit larger fore to aft provides more room and extra comfort for your passengers and their belongings. Plus, our patented easy-entry Swim Step makes this the gold standard for any boating excursion.

The R8 also continues the Cobalt tradition of innovation, including the patent-pending E-Step an optional electric version of the very popular swim step, which lowers, at the touch of a button, well below the water’s surface for easy entry or exit.

Price advertised is for base configuration of the R8 Sterndrive fitted with Monsoon 5.3 250A B3X Engine . Contact our Cobalt Specialist to discuss options and availability.
