Suburb	KIRRAWEE	Engine Make	Volvo

Description

The 2026 Cobalt CS22 is the perfect choice. A small boat for those who do not wish to compromise luxury or performance.

Hand-crafted to a superior standard of quality, the CS22 is filled with upscale amenities, starting with such exterior styling points as an eye-pleasing 'wave' body style-line and a new Obsidian windshield frame that's black with a hint of bright work on the side panels. A continuous rubrail and smart 'shoe box' deck-to-hull fitting allows for an integrated full beam width swim platform.

Price advertised is for base configuration of the CS22 Sterndrive fitted with Volvo Penta V6-250C-G SX (Non-Cat) Engine. Contact your Cobalt Specialist to discuss options and availability.
