Description

DISCOVER THE ALL NEW R26!

Built to shape the best day.

Great days on the water don’t come down to a single moment. They’re built from dozens of small ones. The all-new R26 is designed to make each one better, with expanded space, effortless control and a smoother, more composed ride.

Designed to cut through the waves with ease, the R26 luxury sport runabout delivers the performance, handling, stability and comfort you want, so you can please family and friends from sunup to well past sundown. It accommodates up to 14 people with flexible seating, an extra-long swim platform and a conveniently placed aft storage cubby to handle boards and inflatables. With its list of power options up to 430hp, the R26 yields a fast, smooth ride, and its helm feels intuitive from the moment you power up.

Luxury touches are available throughout, from an intuitive joystick docking controller and rear-view camera, to Harman Kardon sound systems that incorporate subwoofers and tower speakers. Comfort features include side entry and a standard Porta-Potti head, with such options as a dinette table and sink, and a range of custom finishes.

Photos shown are for display purposes only, showcasing features and options available.
